A (very) brief history of soccer - Edmonton Journal

The history of the world, in common parlance, is the history of humanity, as determined from archaeology, anthropology, genetics, linguistics, and other disciplines; and, for periods since the invention of writing, from recorded history and from secondary sources and studies. Humanity's written history was preceded by its prehistory, beginning with the Palaeolithic Era, followed by the Neolithic Era. The Neolithic saw the Agricultural Revolution begin, between 8000 and 5000 BCE, in the Near East

Other key sources include Nils Nilsson, The Quest for Artificial Intelligence: A History of Ideas and Achievements; Stuart Russell and Peter Norvig, Artificial Intelligence: A Modern Approach; Pedro Domingo s,...

A Very Short History Of Artificial Intelligence (AI)

At only 128 pages, this is indeed a "very brief" history of philosophy. However, Solomon and Higgins still manage to cover a lot of ground, and this is by no means a superficial treatment. They accomplish this by making the text fairly dense and compressed, and it's apparent that this book was derived from its 305-page sibling by the same ...
